In the event a Breach requires notification by Customer to Data Subjects or relevant Regulators, the parties agree to coordinate in good faith on developing the content of any public statements or required notices.

9. Liability. Each party's liability for breaches of this Addendum shall be subject to the limitations and exclusions of liability set out in the Agreement. Each party's liability for a breach of this Addendum will be subject to the liability cap set out in the Agreement. Without limiting the

parties' obligations under the Agreement, each party agrees that any regulatory penalties incurred by one party (the "Incurring Party") in relation to the Customer Personal Data that arise as a result of, or in connection with, the other party's failure to comply with its obligations under this Addendum or any applicable Data Protection Laws shall count toward and reduce the Incurring Party's liability under the Agreement as if it were liability to the other party under the Agreement.

10. Changes in Data Protection Laws. The parties agree to negotiate in good faith modifications to this Addendum if changes are required for Arctic Wolf to continue to Process Personal Data in compliance with Data Protection Laws, including but not limited to (i) the GDPR; (ii) the CCPA; (iii) any Standard Contractual Clauses; or (iv) if changes to the membership status of a country in the European Union or the European Economic Area require such modification.

11. Confidentiality. The confidentiality terms in the Agreement shall apply to this Addendum and where applicable, the Standard Contractual Clauses.

12. Miscellaneous.

12.1 Conflicts. In the event of any conflict or inconsistency between this Addendum and the Agreement, the terms of this Addendum shall prevail. In the event and to the extent of any conflict or inconsistency between the body of this Addendum and the Standard Contractual Clauses or the UK Standard Contractual Clauses in a way that materially affects the adequacy of the transfer, the Standard Contractual Clauses or the UK Standard Contractual Clauses shall prevail.

12.2 Severability. In the event any provision of this Addendum, in whole or in part, is invalid, unenforceable or in conflict with the applicable laws or regulations of any jurisdiction, such provision will be replaced, to the extent possible, with a provision which accomplishes the original business purposes of the provision in a valid and enforceable manner, and the remainder of this Addendum will remain unaffected and in full force.

12.2.1 Counterparts. This Addendum may be executed in several counterparts, each of which shall be deemed and original and all of which shall constitute one and the same instrument and shall become effective when counterparts have been signed by each of the parties and delivered to the other parties; it being understood that all parties need not sign the same counterparts. Signatures of the parties transmitted via facsimile or other electronic means shall be deemed to be their original signatures for all purposes.

IN WITNESS WHEREOF, the parties have caused this Addendum to be executed by their duly authorized representatives on the Effective Date.
