

Summary of Changes to Partner Agreement

We have provided a summary of the most notable changes to the Partner Agreement (PA). This summary is not an exhaustive list. To see all the changes, please read the full Partner Agreement [here](#).

The PA is an agreement between you and Arctic Wolf that governs your resale or delivery of managed services of the Arctic Wolf solutions. The updates to the PA will take effect in accordance with the current terms governing our existing relationship. If you continue to resell or use our solutions on or after the effective date of the updated PA, or such other date set forth in your agreement with us, you are agreeing to the updated terms.

Updates:

- We have added a provision which sets forth the contractual requirements between us related any sales to government or SLED entities and the application (or not) of any terms within SLED contracting vehicles under which you may transact.
- Throughout the PA, we have made changes to improve clarity and address grammar, typos, terminology, definitions, and other similar issues.

If you have any questions about the changes we have made to the PA, please feel free to contact us at legal@arcticwolf.com. Thank you for being part of the Arctic Wolf Pack!
